

Life Support Equipment Registration

It's critical to register any Life Support Equipment that's in use so we can make sure it continues to function

We know that for some of our customers the continual supply of electricity to power life support systems at home is critical. If your home has registered life support equipment, we'll work with you to ensure that you are given advanced notice of any planned outages in your area.

Complete and return the Life Support Equipment Registration form within 20 days

To make sure your property is registered as having life support equipment, you need to complete the Life Support Equipment Registration form, and have this certified by a medical practitioner. You need to do this within 20 days of notifying us of your need to register life support equipment.

We'll contact you to confirm your registration once per year

You'll need to be re-certified by a medical practitioner once every 3 years to make sure your registration is kept up to date.

Eligible life support equipment

Life support equipment is eligible if designated under the Life Support Electricity Subsidy Scheme, including:

- ✓ Ventilators - VPAP or BPAP or CPAP
- ✓ Oxygen Concentrators
- ✓ Suction pumps
- ✓ Heart pumps
- ✓ Dialysis equipment
- ✓ Feeding pumps
- ✓ Apnoea monitors
- ✓ Nebulisers

You need to have an action plan in case the power goes out

While we aim to deliver a continuous power supply, electricity interruptions can happen.

Talk to any carers, family and friends about making a backup plan. This should cover what to do if the electricity supply goes off without warning.

- ✓ Always have an alternative power source nearby - such as a battery backup system or a generator.
- ✓ Know the location of your nearest hospital. Always have a phone available that doesn't rely on mains power
- ✓ Have a battery-operated radio and torch on hand with fresh batteries.
- ✓ During a storm, listen to the radio to keep up with the latest weather conditions.
- ✓ Be prepared to leave your home if an extended outage occurs.
- ✓ Keep emergency phone numbers handy - for your doctor, fire department, police and ambulance services.

How to return this application

Please either post this application to GPO Box P1145 PERTH WA 6844 or email to your nearest Horizon Power office (details below).

Life Support Equipment Registration form

We know that for some of our customers the continual supply of electricity to power life support systems at home is critical. If your home has registered life support equipment, we'll work with you to ensure that you are given advanced notice of any planned outages in your area.

For any unplanned outages it's critical you also have a prearranged action plan.

To complete this form:

- The patient information must be completed in **Section 1**, and the account holder must sign and date the declaration under **Section 2**; AND
- Your medical practitioner or hospital must complete and sign **Section 3**.

Section 1: Life support patient details

First Name: Surname:

Mobile: Phone:

Email (if applicable):

Postal Address (complete if different to below):

Address where life support equipment needs to be registered:

Unit No: Street No:

Street Name:

Suburb: Postcode:

Section 2: Horizon Power account holder details and declaration

Horizon Power Account Number (located on your bill):

Full name:

Applicant (or carer) Authorisation and Declaration

- All information provided on this life support equipment application is, to the best of my knowledge and belief, accurate, true and not misleading.
- I reside at the address listed in Section 1 and my life support equipment is in use at this address.
- I acknowledge and agree that I will be required to renew this life support equipment application annually (without requiring production of medical certification unless requested).
- I will immediately notify Horizon Power in writing if life support equipment is no longer required at the supply address or of any changes that affect either the validity of this application or my entitlement to the Life Support account Identification.
- I consent to Horizon Power providing information concerning me, the patient and/or this application to the relevant government agencies for purposes related to this life support equipment application.
- I acknowledge that life support equipment applications which are misleading or contain misrepresentations or fraudulent statements or claims will be referred to the relevant authority for appropriate action.
- I understand that it is my responsibility to have a pre-arranged action plan ready in the event my energy supply is interrupted.
- I acknowledge by returning this form, I consent and agree to Horizon Power collecting, managing and disclosing the personalising information you have provided to us with the Privacy Act and our Privacy Policy (as amended from time to time).

Signature of Applicant (or carer): Date:

Continued over

Section 3: Medical Practitioner authorisation

This section is to be completed by your doctor or general practitioner if he or she also works on an occasional basis from a local hospital or rural health service, or hospice doctor.

Medical Practitioner name: _____ Job title: _____

Name of health service: _____ Provider number: _____

Phone: _____ Mobile: _____

Please specify the life support equipment registered at the supply address as per section 1.

Specified Life Support Equipment	✓
Ventilators - VPAP or BPAP	
Ventilator - CPAP – only when required as life support equipment*	
Oxygen Concentrator (standard capacity – Adult)	
Oxygen Concentrator (high capacity ‘New Life Intensity’ – Adult)	
Oxygen Concentrator (standard capacity – Child)**	
Feeding Pump	
Suction Pump	
Apnoea Monitor (Child only)**	
Heart Pump
